Hi,

I've been part of Bears since the very beginning. In the early days, I helped out whenever I could while running my own coffee shop, which I owned for four years before finally pursuing my childhood dream of travelling through Asia, South America and Australia.

After returning home, I joined Bears full time. Being a family-run business, Bears has always felt like home — there's something truly special about working alongside the people you love every day.

My passion for weddings began at 17, when I worked at a wedding venue and immediately fell in love with the magic of it all. There's nothing quite like watching people experience one of the best days of their lives and knowing you played a part in making it unforgettable.

Today, as Bears' Wedding Expert, I bring that passion and attention to detail into every event. My goal is to ensure every moment of Bears' service is seamless, thoughtful, and absolutely perfect.

I look forward to hearing from you

Cammy x
