

Bear's

Catering Solutions

Professional Catering for Every Workplace

About us

Bear's Catering Solutions is a trusted UK catering partner delivering high-quality, scalable food solutions across corporate, stadia, workplace, education, healthcare and site environments. We combine the creativity of street food with the structure and reliability of professional catering, producing fresh, flavour-driven menus designed for high-demand settings.

Our experienced team focuses on consistency, efficiency and food safety, providing fully managed catering services tailored to each client's needs. Whether supporting daily workplace dining, large-scale events, school meals or healthcare environments, we deliver a service that is dependable and professional at every level.

We pride ourselves on our flexibility, operational expertise and commitment to quality, ensuring every service runs smoothly and meets the highest standards. At Bear's Catering Solutions, our goal is simple: to provide reliable catering that enhances environments, supports wellbeing and delivers a great experience every time.

Across every sector, Bear's Catering Solutions delivers reliable, high-quality catering tailored to the environment and the people we serve. Our focus is on consistency, efficiency and great food, ensuring every service runs smoothly and leaves a positive impression.

Bespoke Industry Catering Services

Our industry catering services are built to support industrial businesses and large-scale operations with the efficient, high-quality nutrition their teams need to perform at their best. We work closely with factories, warehouses, and distribution centres to create tailored solutions that meet the demands of each site, whether that means on-site staff canteens, pre-packed meals, or 24/7 options.

Massive selection of street food inspired options!

Refreshment Kiosks & Staff Canteens

Our refreshment kiosks and staff canteens are designed specifically for physically active workforces, combining high-quality, sustainably sourced produce with a fast, reliable, and impeccably clean service. Our chefs and culinary teams create food that does more than satisfy hunger - it helps fuel your workforce, support wellbeing, and enhance performance in warehouse, factory, and distribution environments.

Physical & Mental Wellbeing

At Bear's, we are committed to promoting physical and mental wellbeing both in and beyond the workplace. We do this by providing nutritionally balanced food and drink options that help our industry clients and their teams stay healthy, energised, and focused. We believe good nutrition is a vital part of overall wellbeing, providing the energy needed for concentration, sound decision-making, and productivity throughout the working day.

On-Site Construction Canteen Catering

At Bear's Catering Solutions, we deliver reliable, high-capacity canteen services for construction sites across the UK.

We design, install, and manage fully equipped on-site kitchens built to handle the demands of large-scale projects. Our facilities use modern, commercial-grade catering equipment and are capable of serving workforces of 500 to 2,000 personnel efficiently and consistently.

Professional, Compliant & Reliable

Our kitchens are run by skilled chefs and experienced front-of-house teams, ensuring high-quality food and smooth daily operations. We operate in full compliance with Food Safety regulations, using robust food management systems and maintaining strict health and safety standards at all times.

To support local communities and meet project requirements, we recruit locally wherever possible - helping our clients align with Section 106 obligations under the Considerate Constructors Scheme, while contributing to local sourcing targets.

Fast, Efficient Service On-Site

We recognise the importance of time on construction sites.

This allows us to:

- Reduce waiting times
- Manage peak service periods efficiently
- Improve overall customer experience

Why Choose Bear's Catering Solutions?

- Fully managed, end-to-end canteen service
- High-capacity catering for large workforces
- Experienced and professional staff
- Full compliance with health, safety, and food standards.

Our Commitment & Promise

Prioritise Quality

We use trusted, high-quality ingredients
- Ingredients that elevate every dish.

Stay Creative

Fresh flavours. Beautiful presentation.
Food that's exciting, appealing, and memorable.

Consistency Matters

Every dish, every time. Because great taste builds trust.

Keep It Simple (But Creative)

Street food classics, done the Bear's way.
Simple. Versatile. Always satisfying.

Minimise Waste & Maximise Value

Plan smart, reduce waste, stay on budget.
Deliver quality while keeping customers happy.
